

## Amo "Momo"

September 5, 2024

Our sweet little Amo "Momo". Our family didn't know we needed this little guy before we got him and his brother, but we sure loved him. He was a sweet little guy who loved to hide under beds and LOVED food! We always said he was like a stubborn little toddler if he didn't want to do something he was not doing it, except he'd do it for a cookie! Him and his littermate brother Lieben loved to chase each other around. We miss him a ton but we find peace in knowing he was loved while he was with us and he loved us.
