

## Andre Harbour

February 6, 2024

Andre came to us 17 yrs ago at the age of 6 weeks. He was quickly accepted into our family by Amanda, Charlie and myself, along with all our other furbabies. My husband, Chuck, was not so accepting at first. It did take a while before he warmed up to Andre. After that Andre was Chuck's little buddy. Andre was an annoying little brother to our other teacup poodle Bailey, but they soon became inseparable.

Andre was the best furbaby anyone could ask for. He learned everything we taught him very quickly. He loved and accepted every furbaby we brought into the family. He was a great role model for them all. Andre loved to go anywhere we went. Camping, boating, visiting family 700 miles away, Andre was up for it all.

Andre is going to be dearly and deeply missed.
