

Angel Herrera

December 15, 2025

Angel was our angel sent from above after my mom lost her husband and we lost our Dad. She brought joy to our hearts and kept us company. She loved to bark as if she was a pitbull when anyone knocked at the door. She was our protector. She was spoiled by her momma Vera got to eat her favorite foods and sometimes nuggets from McDonalds. She will be missed but never forgotten because she was our comfort when we needed her the most. Rest in doggy heaven Angel 🙏
