

Astro Castillo

April 2, 2026

Astro was a very energetic, loving, and protective dog. Loved playing with everything but his toys. Loved to eat on doggy snacks and bones. Would enjoy getting loved on by our 3 year old daughter who misses him very much, as well as my wife and I.

“ *Astro was loved by his Tia and grandma, his favorite treats for sure were the cupcakes his Tia would bake for him! Anytime I would be minding my business standing somewhere he would come up in between my legs to remind me he's there too I'll miss him so much 🕊*
