

## August "Auggie" Black

January 9, 2025

August "Auggie" Black, was found after he was dropped on the side of the road as a puppy on August 1st 2018. From the moment we laid eyes on him and brought him home, he stole our hearts. He was our protector. The biggest love bug, and blanket hog. He loved cooked carrots and would never turn down a skittle. He loved his sister's and tolerated his baby brother as he showed him the ropes. He is so loved and missed already. We are forever grateful to be his forever family.

We love you so big Auggie Hoggie Doggie.
