

Bear

December 15, 2024

Bear lived an amazing 10 years. He was loyal, protective, and very much loved by his family. He loved car rides and loved laying around next to the girls. He was the best dog anyone could ask for. Although he scared most, he loved getting all the attention and he demanded it by going up to you and putting his head under your hand. He will be missed by so many. He was an incredible companion. We know he is running around in doggy heaven pain free. Until we meet again buddy. We miss you and love you bunches!
