

## Benji

September 11, 2024

Benji was born in 2009. Benji was my Mom's constant companion until my Mom passed away in 2020. That's when Benji came to live with me. Benji was the sweetest, most loyal little man. As with age, Benji lost most of his eyesight and hearing, but was always ready to go in the car. Benji will be missed so very much and I know now he is with my Mom being loved and cuddled.
