

Blue

July 11, 2023

Blue was our Chihuahua for 12 years. We looked for a Chihuahua for almost a year before we found her and fell in love. She was spunky and had her own sassy personality. She was the "alpha" at our house. And was even "the boss" of us humans, as well. She was a great protector and a very loyal friend. She showed us true unconditional love. She is already greatly missed.

Until we meet again, Blue.

Your human forever....-Venessa
