

Brownie

May 9, 2025

Brownie was rescued from a home where she was mistreated. At first it took her a while to let us love on her, but once she realized how much we loved her, she was a different dog. She LOVED belly rubs and head scratches. She hated the outdoors and loved being inside our home. She was a kind and gentle soul. She never barked, never fought with other dogs and never met a stranger. She is dearly missed! We love you Brownie! Love Mom, Dad, fur brother Lucky, and fur sister Riley!
