Burney

Age 15

Burney, our beloved dachshund and the very best boy, passed away at the age of 15, leaving behind a home forever changed by his absence and forever better because of his love.

Burney was a world-class snuggler, always ready to curl up close and offer comfort without ever being asked. He was the unquestioned patriarch of our home, welcoming every pet that followed with quiet authority, patience, and a watchful eye. Small in size but mighty in spirit, Burney carried himself with confidence and heart.

He was a fierce and devoted protector of our twins, standing guard with unwavering loyalty and love. No noise went unnoticed, no moment unguarded when Burney was on duty. His presence brought a sense of safety, warmth, and unconditional devotion that can never be replaced.

More than anything, Burney showed us what it means to love fully and

faithfully. He was the

best dog we could have ever asked for, a constant companion, and a once-in-a-lifetime soul.

Run free, sweet Burney. Your watch is complete, and you will always be loved, remembered,
and missed beyond words.
