

## Chloe

January 10, 2009 - April 24, 2025

Ms. Chloe was 16years old. She lived a long and happy spoiled life. She was my Valentine's Day gift and was the little mamas of the house. She would keep her brother Zeke (boxer) inline when he acted up. She loved cuddles and lots of treats and ice cream. As the years went by she became blind. She would walk around bumping into things but always seem to boop me with her nose at my ankles ☐ She loved when her human sisters came to visit. She is now with her other half Dallas and her son in heaven. Her human Momma and Daddy will forever miss you and love you! Rip 1/10/2009 - 4/24/2025
