

Cimarron "Pig" Shafer

February 14, 2014 - June 10, 2024

Cimarron was a father's day present 10 years ago. We called her Pig for short, mostly because of her love of bread and pastries, which she would steal the moment we left her alone. She was always the first to let us know if she smelled or heard a would-be intruder. Of all of our pets, she was the sweetest, and had the fastest tail in the west!
