

Cleo Hibbs

May 13, 2026

After 14 amazing years, we had to say goodbye to our sweet Cleo. She was the sweetest dog with the funniest wild side — from stealing underwear into the backyard, chewing up shoes, remotes, chair legs, and even my wall, to bringing a bird into my bed like a special gift. As she got older, she loved following her Grammy around the house, eating eggs from Grampy, and going camping with him.

Cleo was so much more than a dog — she was family, and life will never feel the same without her. We will miss her forever and cherish every memory she gave us. Run free, sweet girl.
