

Cosmo Cundiff

January 25, 2026

Cosmo was found on Sunday, July 13, 2025 by Andy and Danielle Cundiff.

Cosmo was crossing 28th Street for a drink of water.

He was very sick with an upper respiratory infection and very thin.

His eyes were matted shut.

Andy and Danielle adopted him and gave him the best life they could.

Cosmo added so much to their lives.

He brought levity, joy, laughter, and renewed vigor into our home.

His curiosity and zest for life were contagious.

Cosmo gave us so much love and happiness.

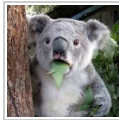

We will carry him in our hearts always and look forward to seeing him again, but this time in Heaven.

“ My heart goes out to yours....thank you for all that you did for him and all the love you both gave him. He was so lucky to have you, and I am going to miss his sweet little face on FB.

Heather Deiss - February 06 at 05:09 PM

Awww, thank you so much for taking the ride with us! He would have adored you. Trust me, he adored you from afar. He loved the toys and treats you sent him and Miko. 😊
