

## Dallas

January 18, 2023

Dallas was a birthday gift from my husband, the best surprise I could have asked for. He gave us 15 happy years with so much energy. He loved to cuddle with you in his own way. He was a momma's boy for sure. He wouldn't leave my side. He loved tennis balls, any stuffed animals and loved bacon treats. He loved to sunbathe out on the sidewalk or by the porch. He was definitely spoiled and very much loved. He loved when his sister's Ashley and Cassie would visit. He left behind his furry friends (wife) Chloe, son Paco and big brother Zeke who happen to be a Boxer. He will be dearly missed. His human Momma and Daddy will forever miss you and love you!
