

Frankie "Frankie Doodle" Browning

November 11, 2011 - February 5, 2023

Frankie "Frankie Doodle" Browning was welcomed to the Browning family with his brother Buddy on November 11, 2011. With the typical mannerisms of a chi-weenie, he was a funny and sweet-natured pup who loved everyone around him. Frankie loved to sing (more like yodel), loved his blankets, snacks...and more than anything, he loved his human dad Kevin. Frankie passed away on February 5, 2023 with his loving human parents at his side. Frankie's short time with us was the very definition of love and is greatly missed. He was a good boy.

“Loved watching them using the pet door at Mom’s. Watching them all following you and Kevin or trying to. They all loved y’all so much. Rest Little Guy you did your job bringing so much love, memories, comfort, and happiness to your family.
