

Gentry Hester

July 10, 2024

Gentry was the four legged love of our lives. 7 years was not long enough, but we are so incredibly thankful for the companionship, joy, and playfulness that she brought to our family. She was definitely one of a kind with a big personality. She is missed and we will always treasure the memories.

Tribute Wall

KI

“Gentry, or as I fondly called her Beastie, was a one of a kind canine. She was so devoted to her “people” she doted on her momma, ensuring that everyone did the right thing by her, her tail would beat the garage when she heard her daddy’s car, because she knew this was going to be a wonderful walk. This girl was so intelligent t that she stole everyone’s hearts. What an imprint she has placed on all of those who knew her. Until we meet again Beastie!
