

Grace

October 7, 2025

Grace was found as a small puppy by her mom, wandering in a parking lot near her workplace. Despite her dad's initial reservations, her mom decided to bring Grace home, where she was introduced to her new brother, Gizmo. Initially intended as a foster until a permanent home could be found, during those early months, Grace developed mange and her mom and dad devoted countless months to caring for her until she was fully healed. Once she was well, it was clear she was meant to stay.

Grace and Gizmo were the epitome of siblings, never perfect, but always inseparable. Grace was the sweetest, and I mean sweetest, girl. She loved lounging around, tossing her toys in the air, howling for treats, and her favorite activity, early morning walks with her family. Her playful spirit and loving nature brightened every day.

Grace was preceded in death by her brother Gizmo, almost 10 months ago to the date. While she was heartbroken by his passing, she knew her place was still at home, bringing comfort and companionship to her mom and dad during the months that followed.

Grace passed peacefully at home, at the age of 12 and a half, surrounded by

the love of her mom and dad. She is now reunited with her brother Gizmo and we're sure they're picking up right where they left off.

Grace was loved beyond measure and will be missed more than words can describe. Rest easy to our bae, mom and dad love you always.
