

Gunnar Willits

December 13, 2024

Gunnar was the best clock!! He would let you know that breakfast time was 8:30am, dinner at 5:00pm and snack at 7:00pm. We got Gunnar as a 7 week old pup in 2016 and got to love him for 8 short years. Cancer sucks! He was so strong thru the 4 months of surgeries. His little tail always wagged until the very end on Dec. 13. Everyone that met Gunnar loved Gunnar. His 2 brothers and sister miss him as much as I do. Thank you so much for caring for Gunnar as much as I do. Y'all were the best in my time of need. Miss my Gunnar like crazy and so do his siblings. Until we meet again my little man R.I.P
