

Gypsy Webb

November 8, 2025

Gypsy May was our sweet, playful, Auggie girl! She loved her toys and playing fetch and running around with her older brother and sister. She was the only dog we have had that truly smiled at us and it would just melt your heart, it was the best and one of the things we miss the most! Her time with us was way too short but what we did get with her was a blessing and we miss her everyday ♡
