

## Hank

December 30, 2025

Hank Clark “hank the tank” crossed the rainbow bridge on December 30th 2025.

We were so blessed to have our faithful companion for over 14 years. He was the best cuddler, and fantastic greeter when you arrived home. Our home is not the same without him. So thankful we got to have a last Christmas with him.

we are so thankful for “Unleashed Groomers,” for not only grooming him every month but also loving him. They even sent a beautiful plant after he passed.

Also, we are so grateful for “ FurrEver Pet Crematory” for picking him up and making the most special memory box for us to have forever.

Hank is survived by his human family and his dog sister “Baylee Elaine and his special dog cousin “Finley Elaine”.
