

Harley Vandivere

January 13, 2026

Our sweet and gentle Harley was a part of our family for her entire life of almost 12 years. Our son and his family got Harley as a puppy. We agreed to let her & her “sister” Lab come stay with us for a couple of weeks while our son & his wife lived in a temporary location while their new home was in its final stage of being built. It turned out that Harley and her “sister” preferred living with us and we had the privilege of loving her and making her a member of our family for the past four years. She was a true and faithful friend, gentle, kind and loved being close to both of us as much as she could. She loved racing along the fence and barking at the trash truck but she never barked when someone rang the doorbell. She was always the first one up in the morning and always reminded us when it was time for dinner. Harley loved us unconditionally and we will always cherish the time God gave us to experience her kind and gentle nature every day for the last four years. Run free big girl! We love you.
