

Heidi

January 30, 2023

Heidi was the absolute best pet anyone could ever have, she was my best friend. She could jump 6 feet high , ran super fast and was pure muscle in her younger age . Heidi got to live 15 long years beside me and I don't regret one day. She only ate when I ate and she'd go to bed when I went to bed she was always by my side and never left me to feel alone!

That you too Furrever pet for helping me with this loss could not do it without them !
