

Jax and Daphie

“I saved your life, just as you both saved mine. We grew up together through our time line at my weakest, you waited all those times for me to be ready on my own. Just as I was strong enough to face this world, I decided to take on your pain to set you free. They say grief feels like fear, as I feel without you.. but I have learned that it is love, for that I can continue with you both in my memory.”
