

## Jax Apodaca

January 20, 2026

Jax was 11 when he passed. He was the sweetest boy, loved by everyone, and deeply devoted to his family. He adored his “daddy,” loved evening walks, eating ice cream, and playing with his toys. Jax was always excited to see his family, greeting them with kisses, hugs, and endless love. He was famous for asking everyone for snacks — even pretending he needed to go outside just to get one — and resting his head on your lap when food was near. Jax brought so much joy into our lives, and we will miss him furrever. ❤️
