

Jax Estrada

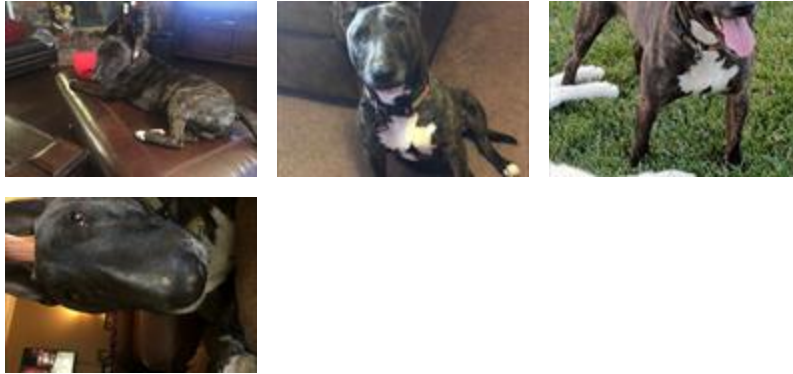

April 16, 2024

Jax was our best friend for a little over 9 years. He was a wild guy with the best cuddles. We had to stay out of his way when the zoomies kicked in or else he would take us out. We would often find him standing on a small window ledge making sure no squirrels or birds were getting in the house. He loved everyone he met some a little too much. There wasn't anything he couldn't tear apart no matter the reviews. He loved sleeping near us and eating everything but dog food. We will miss our Jaxy Waxy forever.

“ Jax was our Granddog and we loved him so, so much.
I remember when we'd see him waiting at the front for us with so much excitement. Not only would his tail wag, but you could see his whole little body wagging with excitement! He would give us love in his own way.
He made our hearts melt with happiness.
We'll miss him so, so much!
We love you, Jax
