

Kenji

November 7, 2025

Kenji was born 11/11/11. We knew from the beginning he was #1! He loved playing with empty water bottles. He gave the best hugs and would pray, putting his little paws together when we would ask him to pray. He had the most gentle humble soul and a heart bigger than his body. We were blessed with 13 years and 361 days with our sweet boy. Every one was better with him in it. He is missed every day and will always be remembered. Thank you, Kenji, for being my best friend. You will be forever loved. 💕
