

## Kiki

March 21, 2023

Kiki (Skeekers, Skeeks, Old Lade Cat) adopted us in Scott City, Kansas in 2006 when we first moved a feedlot. She took over as the toddler and kid herder and supervised our to kids and was always with them when they were playing. She survived 6 moves and 3 different states and adjusted each one well. She lived 17 years, 11 months. I will miss her cuddles and always caring for me in her older age. We will cherish the time we had with you and think of you often. Hugs. Love, Ron, Heather, Connor and Rebecca Scott
