

## Kitten

December 19, 2023

I found Kitten abandoned under a car when he was a couple hours old. His mom gave birth to him and passed away. I was 11 then (I'm 21 now). He wouldn't take a bottle for the longest time, so I had to tube feed him. He was my absolute best friend. He was family. And I'm so glad i entrusted you guys to be able to bring him home one last time.
