

Klaus

Klaus was a super super sweet boy. He loved to watch movies with me, lay his head on my chest while i read books, and always wanted to be cuddled or touched. The biggest baby there ever was. Although he liked to cuddle, he definitely liked to play as well. His favorite activities were bouncing like a bunny in the snow, playing with the bite sleeve, and he got way overly excited to give me his paw (sometimes he'd give both at once). He was an amazing dog and only time will heal the heartache of his passing. Momma loves you sweet boy- Alyssa :)
