

## Klaus Hitt

May 2, 2025

Born January 26, 2014, Klaus came bounding into our home and hearts at 6 months. We became his “sheep” and for 11 years, he loved and protected us. He was especially fond of his companion, Molly, who preceded him in that rainbow bridge January of 2024. Klaus didn’t like toys, his favorite “toy” was Molly. It was incredibly cute to watch. After a very full life of being loved and spoiled, Klaus passed peacefully over that rainbow bridge on May 2, 2025. He no doubt is running free on those streets of gold with his best friend, Molly, and being loved on by 2 grandmas. Rest easy, sweet boy!
