

Little Man

August 1, 2024

LittleMan came to us through adoption from the Humane Society 11yrs ago. He was a 4lb bundle of love and thought he owned the house and everything in it. LittleMan was the best companion ever and will always be remembered for never needing to use his own legs to go anywhere, finding something stinky outdoors and then rolling all in it and always looking handsome. We will always cherish our time with him.
