

## Lucy Churchill

June 7, 2026

I got Lucy when she was around 8 weeks old. I saw her and knew I had to bring her home. She was always so awkward and loved to bark. I was her human no doubt. She was small but thought she was 10 feet tall. She definitely ruled the house even though I have 2 big dogs. 13 almost 14 years wasn't nearly long enough and I will miss you every single day ♡ Run free my soul dog ♡♡ Love you always 🌷
