

Luna & Osito

July 6, 2023

Luna was a feisty chiwinnie. She had so much personality, she instantly fit right into our family. She was only 3 months old and gave us all the love she could give. I miss her tremendously but I know she is pain free. Osito was a Yorkie Mix. After I lost my fur baby Roofus, Osito came into my life. He fit perfectly. I love how he was very protective of me, he was a little jealous. He and Luna became very close in this one month. It brings me comfort that they are together.
