

Mary Hoppins

June 20, 2025

Mary Hoppins hopped right into our lives in April 2019. She loved snuggles and sweet kisses with Rae and her dad. Mary had a mischievous side-chasing and playing with her dog siblings (& stealing their food) , escaping her crate and breaking into her pellets and hay. Mary loved munching on lettuce and dandelions with an occasional strawberry for a treat. Mary went on many adventures (over 40 states) and will continue to watch over her family as they meet their goal of all 50 states. She is dearly loved and will be greatly missed.
