

## Molly Anne

October 10, 2024

Molly, the sweetest and most loving girl, passed away on October 10, 2024. She was by my side since December 23, 2009, bringing joy, warmth, and endless love for nearly 15 years. Molly was a sweet, playful spirit, always ready to greet me with a toy when I came home, making each arrival feel like a celebration. She loved walks, and in her final months, enjoyed the comfort of rides in her stroller. Molly had a gentle soul and a boundless love for people, charming everyone she met. She shared a special bond with her sister, Polly, and loved playing with her friend Oscar. She was more than a pet; she was a best friend, a source of comfort, and the greatest girl in the world. Her memory will forever hold a special place in my heart.
