

Moose

September 8, 2025

Moose was our 'Head Boy' who always reminded us of Dobby from the Harry Potter series. He was gentle, silly, and a big baby that would find the smallest places, which typically was ontop of you, in which to sit and playfully bite as he slapped you with his flabby flaps.

We had a little song we always sang when he got into these moods, which always managed to put a smile on our faces.

"Mister Moose, *tsh*/*tsh*, Mister Moose, *tsh*/*tsh* M.I.S — T.E.R
M.O.O.S.E -repeat"

Forever he will live in our hearts and forever he will always have a place on our couch.

Goodbye Moose, and thank you for being our friend.
