

Ozzy

January 31, 2023

Ozzy was born November 3rd 2010

He had such a personality and the day we were picking out our new addition to the family, he actually came to me as to say I'm your guy. And that is when Ozzy and I began our relationship. He was diagnosed with cancer in April 2021 and given weeks due to size and stage of the tumor on his spleen. He fought long and hard 17 months to be exact

Ozzy gave his last fighting day October 3rd 2022.

Forever in my heart Ozzy will rest and very well deserved

My companion, my warrior, my shadow.
