

Riley

Riley was my first baby and my best friend. She lived a long 10 years, but it's never long enough. She was always so patient and calm with my kids even though they constantly pestered her. She hated being home alone and broke out of every kennel we bought her and even chewed through a door 😊 she was the best cuddle buddy, and she will be so missed ☐

“Riley was the BEST Family dog ever! She was so loving and amazingly gentle with all of the children and all of the Felines in her life. She loved to play with her toys, but was happy to share with the kiddos in her life. She will be missed terribly and will be remembered as a special blessing to all family members, who knew and loved her. "Riley, we love you!"
