

## Rocky Naranjo

May 5, 2026

In loving memory of Rocky Naranjo 4/4/14 - 5/5/26

Rocky, lovingly known as “Rockasaurus Rexamus” passed on after 12 wonderful years of life, leaving behind a home forever changed by his absence and forever better because of his love.

A proud Boxer with a gentle soul, Rocky was the perfect balance of strength and tenderness. He was mellow and kind, yet always watchful—a loyal protector who made his family feel safe just by being nearby. His presence was steady, comforting and full of quiet devotion.

Rocky found joy in life’s simple pleasures: a good steak, long ear scratches, cruising on car rides with the wind in his face, and, of course, chasing any cat that crossed his path. He even found joy in chasing skunks, regardless of having been sprayed multiple times.

He will be deeply missed by his human family -Andrea, Jacob, Logan, Andre, Ale, and Anthony— who loved him beyond words. He also leaves behind his canine brothers, Odie, Jax and Hank, who shared his days and companionship.

Rocky was more than a pet; he was family, a protector, a best friend, and a source of unconditional love. His memory will live on in every quiet moment, every car ride, and every reminder of joy he brought into their lives.

Run free, Rocky. You will always be loved, always remembered and never forgotten.
