

## Rowdy

September 4, 2025

We went to visit a friend in Missouri and lost our hearts to a chubby little ball of fur. He was our first "inside" dog and he ruled. Rowdy would have been 15 on December 10th . He loved the long walks and tried to catch every rabbit we saw. But he was always on leash. His curiosity and wagging tail made everyone love him. Furrever gave our baby a loving tribute box. The staff were very caring.

“ *Rowdy was the best little guy! The only dog I ever saw who clean his own teeth!! He loved being chased and chasing rabbits. He will be sorely missed!!*
