

Rowdy Finley

March 21, 2026

Rowdy 🐾🐾

Rowdy was full of personality and lived up to his name in the best way. He had this bowl he loved to play with like it was his favorite toy, keeping himself entertained and making us laugh at the same time. And if a car dared to drive by, you could count on Rowdy to be right there, barking like it was his job.

He was playful, loyal, and always brought energy into every moment. Rowdy had a way of turning the simplest things into something special, and life was just brighter with him in it.

We'll miss his deeply and he will always have a place in our hearts. ☐ 2012-2026
