

Roxy Garza

December 24, 2025

For 15 beautiful years, Roxy was my tiny shadow and greatest joy. This little Chihuahua claimed my lap as her favorite spot, curling up wherever I went, and melted into bliss whenever I petted her soft ears.

She never met a stranger—her friendly heart welcomed everyone with wags and warmth. She was especially my granddaughter's best friend, sharing endless play, cuddles, and unbreakable love.

In my toughest times, Roxy stayed glued to my side, offering quiet comfort and strength that got me through the darkest days.

Though she's crossed the Rainbow Bridge now, her big personality and unconditional love live on forever in my heart. Run free, my sweet lap dog—you were the best.

“ I remember when they found you. Just down the street on Jackson. You became a permanent spot in all of our hearts. I know how much you loved her sweet Pea and I'm so sorry. She's up in heaven running with Marley and Pedro. Just know she'll go everywhere with and sit on your lap again someday. My heart is with Love you
