

Sammy

February 6, 2024

Sammy arrived at our home in August 2019. Her health was deteriorating and we decided to adopt her. Sammy was a little gift from God, that's what I called her. She was so perfect, sweet, listener and her presence conveyed peace. She was the third to come home and convince us to continue adding members to the pack, we stopped at 6. She really loved to nap next to the window or the door where the sun came in, she was always so peaceful. Sammy liked all kinds of food and going for morning walks or just sitting on the patio and enjoying the company. She was so grateful that even in her last moment her eyes show me peace and gratitude. We miss you so much Sammy.
