

Scamp

January 8, 2026

Before we took scamp he had a hard life. He came up to us when he had teeth and smiled at us. That melted our hearts. Those people didn't say no when we asked them. Scamp was 17 when he left us. We will never forget that smile. I don't think I will ever stop saying hey scampers when I walk pass his special places he liked to rest.
