

Scout

March 23, 2023

Scout was a part of the Moore Family. In his younger years he enjoyed climbing trees, running around, stealing food and putting in “work” on pillows. In his older years he enjoyed sleeping, eating, staring out his windows and barking at passersby’s and cats. But one thing remained even at his old age, he loved sticking his head out of the car window and getting a bullet face from the wind. Scouts love and 14 years with the the Moores was deeply cherished. He is loved and going to be gravely missed.
