

Sophie Severson

Sometimes love finds you when you weren't looking. My wife adopted Sophie and her sister Mazie, and they have always been full of joy and happiness in our home. Through life's changes, we have loved and cared for Sophie. She loved to cuddle, and loved her boxes and she loved watching the birds in the backyard. Her favorite toy was a Santa Claus toy, and she loved playing with her laser. Her love and companionship will be greatly missed from our home.
