

Sparkles

May 11, 2023

Sparkles was named after a barbie movie, Sparkles was my daughter's first dog. Sparkles came to live with us when my daughter was in kindergarten. Sparkles and my daughter would make fancy meals pretending to have summer camp with her and the other dogs. Sparkles was very spoiled as my daughter's room was her room. She was treated like the princess she was. my daughter always put her first, they would stay up late and tell her about boy problems. Sparkles was a good listener and the greatest friend my daughter could have. Sparkles was her constant companion taking every step she did, Sparkles was also her defender and guardian. Sparkles is now with all of our fur babies that went on before her.
