Stella

I adopted Stella from my friends son and it took her awhile to warm up to my other cat Nexus, which I brought him to furever pets to get cremated and they have done a wonderful job. I have loved everything I've received in their boxes and the urns they are in is just as beautiful. Stella was my sweet girl, she'd talk to me everyday especially when it was time to eat. Stella loved everyone who came into her presence, she was the sweetest baby you could ever meet. I loved her face, how the black and brown split right in the middle. Stella did have the infamous "tortitude" and she used it! I will always choose furever pets, they truly are caring, they really took care of my girl. I miss my sweet baby dearly but so grateful that she was left in good hands and returned to me with her keepsakes.
