

Studley

July 2, 2023

Studley was a 12 year old small mix. He was full of life and love. He loved to be with his people doing whatever they were doing. The only thing he loved more than his people was pizza; one time he even ate a whole large pizza in about 10 minutes when his people had to step outside.

He enjoyed being outside, camping, hiking, exploring new parks and later in life sleeping in the sun.

You could always count on him to be right there to celebrate or commiserate every step of the way.

Studley was the very best of boys and will be greatly missed by all of his people.
